WHO WE ARE:

TECH 24 AVIATION a unit of HRTECH 24 was established in 2019 and is registered with DIPP, Govt. of India as a startup. We are also the organizational member of QCI (Quality Council of India). HRTECH 24 represents the potential bridge between the two-prime strengths of our country, Human Resource and Technology. We are a group of dedicated individuals from Defence, Security & Marketing backgrounds, who are committed to shape the future of Indian students by providing the most updated, sophisticated & technologically advanced training and information in the field of Drone and Security.

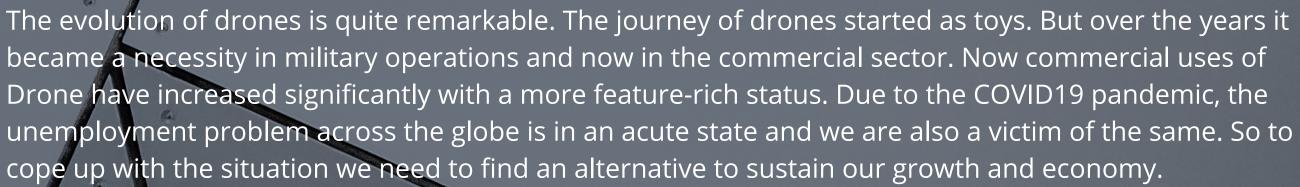

WHAT YOU WILL LARN:

- 1. Introduction to drone technology
- 2. Introduction to drone programming and configuration
- 3. UAV handling and its tools
- 4. Drone safety and maintenance procedures
- 5. UAV communication systems
- 6. Designing drone frame
- 7. Troubleshooting hardware and software issues
- 8. Ground control stations
- 9. Fundamentals of drones in industrial inspections
- 10. Basic operator training and log book maintenance
- 11. Simulator plus Practical training. And many more....

TECH 24 AVIATION

WHY DRONE TRAINING:

DRONE.... the future game-changer of Indian Industry.

Here DRONE will play a very crucial role. According to a report by FICCI and EY, the Indian unmanned aerial vehicle (UAV) market is expected to touch \$885.7 million by 2021, with the global UAV market size approaching \$21.47 billion. Furthermore, a report by PWC India further states that the drone space is expected to grow at a CAGR of 18% during 2017-23.

The all-new Drone industry has opened the gateway for new entrepreneurship and vast job opportunities.

The latest initiatives are taken by some of our State Governments as well as from the Central Government clearly convey the message of future opportunities lying ahead of us with Drone.

So to grab the opportunities this is the high time that our new generation students as well other professionals must board the flight for their future.

Here only learning to fly a drone is just a tip of the iceberg considering the vast opportunities available with Drone.

Our Other Unit is Transnational Institute for Intelligence and Counter Terrorism (TIICT)
